

eDocs-Express - Do More With Less

Everyone is facing pressure to cut expenses, reduce staffing and make operations dollars go further without compromising performance.

We can help.

eDocs-Express provides loan document outsourcing for community banks, credit unions and community development corporations. Our clients have the benefit of the loan document power of LaserPro and experienced processors without the large investment of a fully staffed loan documentation department.

We're Fast.

We provide complete loan document sets within 24 hours - in many instances, within a few hours from the initial request.

We're Affordable.

To subscribe to our service, there is a one-time set up fee of \$3,500 (\$5,000 if not a LaserPro licensee), an annual maintenance fee of \$300 and per loan fees from \$100 to \$300. No minimum. No hassle. No hidden fees.

We're easy & safe.

All information is entered through our simple online interface using our secure website. Documents are easy to access in your "document viewing room" for reviewing and printing, or third party delivery if wish. Your data is kept completely secure and separate from other customers - no cross contamination.

We're experts at what we do.

Our staff of former regulatory and bank legal counsel was instrumental in the development of LaserPro. Our focus is on consumer and commercial loans, including SBA loans, and home equity lines of credit.

Contact us today for a free demonstration! We can be found on the web at www.edocs-express.com.
